

About Us

SlideCare is a water slide maintenance products company. We are the only company in the aquatics industry that manufactures a variety of protective restoration coatings, cleaners, waxes, polishes and glazes which have been specifically formulated to restore the “like-new” appearance to dull color faded water slides and aquatic play features. All of our products are environmentally friendly, worker safe and can be applied by your most trusted local painting contractor, internal maintenance staff, seasonal employees or you can hire one of our Certified Applicators.

SlideRenu® Products Outperform All Others

Characteristics	SLIDERENU®	GEL-COAT	EPOXY
Product Guarantee	Yes	No	No
Chalk / Oxidize	Never	2 Years	1 Year
Color Retention	7-10 Years	1 Year	1 Year
Gloss Retention	7-10 Years	2-3 Years	1-2 Years
Prevents Scale Build-up	Yes (Telfon® Fortified)	No	No
UV Protection	Excellent	Poor	Poor
VOC Level	Low (Safe)	High	High
Product Yellows	Never	Often	Always
Recommended Recoat Period	7-10 Years	5-7 Years	3-5 Years

With the appropriate surface preparation and primer, SlideRenu® coatings can be applied to fiberglass or concrete water slides, fiberglass or metal aquatic play features, slide towers and wet or dry polypropylene/plastic slides.

SlideRenu® Coatings Last Longer Than Gel-Coat or Epoxy Paint

Our solid **Color Shield** restoration coating is manufactured with the most technically advanced polymer resins, inorganic pigments, UV blockers, adhesion promoters and gloss enhancers available in the coatings industry today. Gel-coat and epoxy paints cannot be formulated to utilize these state of the art ingredients causing these type of paints to prematurely fade, oxidize, chalk, crack and look dull within 1-2 years! **Clear Shield**, our hydrophobic abrasion resistant finish coating, is fortified with Telfon® which prevents scale from building up on the interior side walls of the water slide, reducing maintenance costs.

All our coatings come with a Limited Product Guarantee (see complete details on our website) against:

- Peeling • Color Fade • Oxidation • Cracking

Call **SlideCare** today for a no obligation quote: 216.503.7203.

Make Every Day
 Look Like Opening Day!™

Water Slide Maintenance Products that Restore the “Like-New” Appearance to Dull, Color Faded Water Slides

Make Every Day Look Like Opening Day

Park owners and management are continually seeking new ways to maintain, improve and upgrade the curb appeal of water park attractions.

SlideCare has developed a complete line of maintenance products to enhance the visual appearance and luster of dull color faded water slides. Our unique formulated line of environmentally friendly and worker safe cleaners, waxes, polishes and scale removal products help you extend the life of your water park's most vital assets.
